Flat Corner Block in Blue Chip Location

A stone's throw from Cootamundra Walk and Blackburn Primary School, this classic character weatherboard is poised for possibility on a 746sqm (approx.) flat corner block with desirable dual street frontage. Keen renovators could enhance the existing three-bedroom beauty with a creative reimagining, while others will see enormous potential in building a brand-new luxury residence or multi-unit/townhouse development (subject to council approval). Encased in neat gardens, the current home features a central bathroom with separate WC, spacious lounge with heating and air conditioning plus a gated driveway to double carport. Enviably positioned on a quiet leafy street, all amenities are within momentary reach including North Blackburn Shopping Centre and Blackburn Train Station.
